Health & Safety Protocols

This document outlines the overall guidelines and responsibilities for each area of the hotel in order to make our guests and associates as safe as possible.
A Letter From Our General Manager

Thank you for choosing Hotel X Toronto as your group destination and for your understanding and loyalty during these unprecedented times. We know that it is a difficult time for us all, and you choosing to bring your group to us not only helps support the property, but also helps support all of the phenomenal associates that are excited and dedicated to bringing you and your attendees an amazing experience from the moment you step into our urban resort. Rest assured we are grateful for your faith in us and we will do everything in our power to surpass your expectations.

On top of our already stringent sanitization protocols, and in light of the COVID-19 situation, Hotel X Toronto has taken numerous proactive steps in order to provide a safe, clean and hospitable environment for our valued guests and associates alike. Precautions such as constant sanitization of our public areas, vigilant attention to high-touch areas, guest temperature screenings upon entry, limits to the number of guests in particular areas, and personal protective equipment for our associates are just a few of the protocols in place. Each department has thoroughly examined their respective areas and procedures to ensure compliance, or in many cases surpassed the recommendations and guidelines from our local and national health officials. We are confident in the steps taken and are excited to welcome you.

While Hotel X Toronto has done its part, we are also asking every group to do its part. For the safety of each guest and associate, please take personal responsibility in following the physical distancing guidelines during your stay. Please remember to respect the personal space of other guests and associates throughout the property, and take advantage of the automated sanitizing stations you will find conveniently located around the resort. If each of us does our part, we can ensure the safety and comfortable enjoyment for all.

We hope we have put you at ease and we thank you once again for choosing Hotel X Toronto. If there is anything at all we can do to make your stay more enjoyable, please do not hesitate to ask any of our dedicated associates. We look forward to welcoming you soon.

Regards,

Fariyal Hasham
